

March 31<sup>st</sup>, 2023

To Whom It May Concern,

It is my pleasure that I offer a letter of recommendation for **Gabrielle Yeager**. I have personally known Gabrielle for the past 2 years as she is a member of Teens That Care. I am currently one of the founding members and advisors of Teens That Care which is a high school nonprofit volunteer organization in Fresno with over 100 teen members.

I have seen many examples of Gabrielle's accomplishments over the past years while she has been a member of Teens That Care. Her personal strengths are as impressive as her intellectual accomplishments. Gabrielle volunteers from the heart and has been a wonderful member of Teens That Care and gives 100%.

Since Gabrielle joined Teens That Care she has shown us just how organized she is, has great time management skills, is responsible and is a hard worker. She has excellent attention to detail. She arrives promptly to the volunteer events and jumps right in and is engaging with the people whom we served. It is very evident that Gabrielle has so much compassion for the underserved adults and children of Fresno. She has a very kind and compassionate demeanor. Gabrielle continually demonstrates her ability to be a top team leader in our organization. She is very encouraging to the other volunteers, and we can always count on her to volunteer in a cooperative manner and bring energy to whatever she is doing. She has a mature presence in groups of adults as well as other teens. She is very well respected among her peers. She has volunteered over 100 hours just this year in our organization and is one of our top volunteers! I know that Gabrielle balances a very busy life in high school. In addition to her studies, she is enrolled in the CART Program in the Web Applications Lab where she has learned coding languages and how to program and create websites from scratch. She is starting a program in Teens That Care where she will lead a group of teen volunteers and be teaching coding to elementary children at Rescue the Children, part of the Fresno Rescue Mission. She also volunteers at other places in our community. With her busy life she still manages to receive a 3.94 weighted GPA.

I am certain that Gabrielle is going to continue to excel in college and in her future career, based on seeing how caring, intuitive, dedicated, and focused on her pursuits she is. I am sure that these attributes will help her achieve her educational and career goals. Gabrielle stands out for her great work ethic, positive attitude, teamwork mentality, and compassion for serving. I cannot think of a finer young woman to recommend to receive a scholarship.

Sincerely,

*Dorothy Torosian*

*Teens That Care Founding Board Member and Advisor*
